

DIAMANT was created to draw attention with its beautiful design and genuine quality. **DIAMANT** is one of the most sophisticated espresso machines available in Australia that maintains traditional values while introducing technological innovations and high class finishing touches ideal for upscale establishments.

The **DIAMANT** is equipped with an advanced system of temperature control, through PID technology, which results in absolute temperature stability.

Other stand-out features of the **DIAMANT** are the separate boilers for each brew group, multi-functional digital display and an auto steam arm. **DIAMANT** also comes equipped with two lever controlled steam arms and two tea outlets - one with three programmable volumes.

The name says it all... it is a diamond!

Models Available:

2 Group Multi-Boiler High Group (01300234)

3 Group Multi-Boiler High Group (01300342)

The 'GEM' amongst espresso machines...
